New Multi Family Apartments on Cholla Street! A REPORT FROM Davis Parapilly

It will be worth noting that the adjacent 27-acre parcel next door to us, will be developed into multi-family complex in the near future! The property owners have teamed up with Perlman Architects who are pioneers in 3 and 4 story apartments and condominium projects in Nevada and Arizona.

A townhall meeting was conducted on May12, 2022 at City of Henderson. It was hearing prior to rezoning of the property to build a high-density housing like the condo complex. Davis was present at the meeting and publicly extended St. Mother Teresa Church's support and co-operation to the proposed development. The re-zoning was unanimously approved at the townhall meeting. The developers will now choose civil engineers and other services to move forward with the project.

They assured us that they will build a 6' block wall between church and the new development. They will also be leaving 20' corridor with landscaping between the block wall and their buildings.

Whoever hears my word and believes in the one who sent me has eternal life” Jn 5: 24

HOMILY FOR THIS SUNDAY: Please read and reflect in your family

King and four wives:

Once upon a time there was a king who had with four wives. The king got sick and was on his death bed. Afraid of being in the afterlife alone he asked his fourth wife which he loved the most and bought her diamonds, gold and elegant clothing “would you die with me? and go with me in my after life and the fourth wife said I can’t do that and walked away.

He also loved his third wife and was very proud and would always show off to the neighboring kingdoms. So, he called on the third wife and asked would you accompany me to the afterlife? The third wife replied I love my life too much and I am sorry I cannot go with you. And when you die I am going to remarry. His second wife has always been there for him in times of need, so he asked ‘would you accompany me to the afterlife? The second wife then replied I am sorry that I can’t help you out at this time. But what I can do is arrange your funeral and I would be there for your funeral.

A voice called out and said ‘I will live with you and follow you wherever you go even to the afterlife. And the king looked, and it was his first wife. This was the wife that he took care of the least. He felt embarrassed and said “I am sorry I should have taken more care of you and given you more attention and when I was alive”.

The moral of this story is that we all have four wives: Our fourth wife is our body, we like to decorate with precious jewelry, nice clothing, but in the end, it can’t follow us to the afterlife.

The 3rd wife represents our **possessions**, we spent so much time and trying to gather possessions but, in the end, they cannot follow us, to the afterlife, it will be given to other people and divided, just like the 3rd wife said she is going to get remarried. The second wife is represents our friends and family. We trust them they are always there for us in times of need, but they can go with us, to our funeral sends us off.

Our first wife represents Our we usually neglect taking care of our that is the thing that would follow us to the afterlife. Care for your body keep it healthy, enjoy your possessions, and the comfort they provide cherish your friends and family for the love that they provide. But do not forget to take care of your , nourish your, Take time to be alone, take time to pray, take time to meditate because it is the source to all of your life and your most faithful friend.
